Block A

Block B

Block C

Block D

Block E

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value exceeding \$1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than \$200 in "unearned" income during the year.

Provide complete names of stocks and mutual funds (do not use ticker symbols).

For all IRAs and other retirement accounts (such as 401(k) plans) that are self directed (i.e., one where you have the power to select the specific investments, even if not exercised), provide the value for each asset held in the account that exceeds the reporting threshold. For all retirement accounts which are not self directed, provide only the name of the institution holding the account and its value at the end of the reporting period.

For rental property or other real property held for investment, provide a complete address.

For an ownership interest in a privately-held business that is not publicly traded, state the name of the business, the nature of the business, and its geographic location in Block A.

Exclude your personal residence, including second homes and vacation homes (unless there was rental income during the reporting period); any deposits totaling \$5,000 or less in personal checking or savings accounts; and any financial interest in, or income derived from a federal retirement program, including the Thrift Savings Plan.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left. For a detailed discussion of Schedule III requirements, please refer to the instruction booklet.

Block E

Asset and/or Income Source	Value of Assets	Type of Income	Amount of Income	Transaction
	A B C D E F G H I J K L		I II III IV V VI VII VIII IX X XI XII	Indicate if the asset had
Identify (a) each asset held for investment or production of income with a fair market value exceeding \$1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than \$200 in "unearned" income during the year.		Check all columns that apply. For retirement accounts that do not allow you to choose specific investments or that generate tax-deferred income (such as 401k plans or IRAs), you may check the "None" column. For all other assets, indicate the category of income you use a valuation method other than fair market value, please specify the method used.		
Provide complete names of stocks and mutual funds (do not use tickler symbols):				
For all IRAs and other retirement accounts (such as 401(k) plans) that are self directed (i.e., one where you have the power to select the specific investments, even if not exercised), provide the value for each asset held in the account that exceeds the reporting threshold. For all retirement accounts which are not self directed, provide only the name of the institution holding the account and its value at the end of the reporting period.				
If an asset was sold and is included only because it generated income, the values should be "None".				
For an ownership interest in a privately-held business that is not publicly traded, state the name of the business, the nature of the business, and its geographic location in Block A.				
Exclude: Your personal residence, including second homes and vacation homes (unless there was rental income during the reporting period); any deposits totaling \$5,000 or less in personal checking or savings accounts; and any financial interest in, or income derived from a federal retirement program, including the Thrift Savings Plan.				
If you so choose, you may indicate that an asset or income source is that of your spouse (SP), or dependent child (DC) or is jointly held (J). For a detailed discussion of Schedule III requirements, please refer to the instruction booklet.

Block A												Block B												Block C												Block D												Block E																													
Asset and/or Income Source												Value of Assets												Type of Income												Amount of Income												Transaction

Block A												Block B												Block C												Block D												Block E																													
Asset and/or Income Source												Value of Assets												Type of Income												Amount of Income												Transaction																													
Identify (a) each asset held for investment or production of income with a fair market value exceeding \$1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than \$200 in "unearned" income during the year.												Indicate value of asset at close of reporting year. If you use a valuation method other than fair market value, please specify the method used.												Check all columns that apply. For retirement accounts that do not allow you to choose specific investments or that generate tax-deferred income (such as 401k plans or IRAs), you may check the "None" column. For all other assets, indicate the category of income generated by checking the appropriate box below. Dividends, interest, and capital gains, even if reinvested, must be disclosed as income. Check "None" if no income was earned or if reinvested, must be listed as income. Check "None" if no income was earned or if only a portion of an asset is sold, please indicate as follows: (S) sales (P) purchases (E) exchanges												Indicate if the asset had purchases (P) sales (S), or exchanges (E) exceeding \$1,000 in reporting year.																																									
Provide complete names of stocks and mutual funds (do not use ticker symbols).												For all IRAs and other retirement accounts (such as 401(k) plans) that are self directed (i.e., one where you have the power to select the specific investments, even if not exercised), provide the value for each asset held in the account that exceeds the reporting threshold. For all retirement accounts which are not self directed, provide only the name of the institution holding the account and its value at the end of the reporting period.												If an asset was sold and is included only because it generated income, the value should be "None".												If only a portion of an asset is sold, please indicate as follows: (S) sales (P) purchases (E) exchanges																																									
For rental property or other real property held for investment, provide a complete address.												For an ownership interest in a privately-held business that is not publicly traded, state the name of the business, the nature of the business, and its geographic location in Block A.												If an asset was sold and is included only because it generated income, the value should be "None".												If only a portion of an asset is sold, please indicate as follows: (S) sales (P) purchases (E) exchanges																																									
Exclude: Your personal residence, including second homes and vacation homes (unless there was rental income during the reporting period); any deposits totaling \$5,000 or less in personal checking or savings accounts; and any financial interest in, or income derived from a federal retirement program, including the Thrift Savings Plan.												If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT). In the optional column on the far left, for a detailed discussion of Schedule III requirements, please refer to the instruction booklet.
